

# 2018 Preferred Drug List for Georgia State Health Benefit Plan (SHBP)

Administered by CVS Caremark®

The **2018 Preferred Drug List for Georgia State Health Benefit Plan (SHBP)**, administered by CVS Caremark®, is a guide within select therapeutic categories for plan members and health care providers. This is not an all-inclusive list and does not guarantee coverage. This list represents preferred brand products in CAPS and generic products in lowercase italics. Generics listed in therapeutic categories are for representational purposes only. This list is subject to change.

## PLAN MEMBER

SHBP provides you with a prescription benefit program administered by CVS Caremark. Ask your doctor to consider prescribing generics whenever possible. Take this list along when you or a covered family member sees a doctor.

### Please note:

- For specific information regarding your prescription benefit coverage and copay<sup>1</sup> and co-insurance information, please visit <http://info.caremark.com/shbp> or contact a CVS Caremark Customer Care representative at 844-345-3241.
- In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market.

## HEALTH CARE PROVIDER

Your patient is covered under the SHBP pharmacy benefit plan administered by CVS Caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a preferred brand name drug on this list.

### Please note:

- Consider generics as the first line of prescribing.
